

URBAN CRANE HIRE

"LIFTING THE STANDARDS"

CAPABILITY STATEMENT

**“LIFTING THE
STANDARDS”**

ABOUT US

With over 25 years of expertise in the crane industry, Urban Crane Hire proudly stands as a South Australian owned and operated company committed to delivering exceptional services.

We specialise in crane hire, bespoke lifting solutions, and professional labour support for both residential and commercial projects across South Australia.

Our cutting-edge fleet features advanced cranes and state-of-the-art rigging equipment, ensuring unparalleled performance and dependability.

Backed by fully certified operators and riggers with extensive experience, we guarantee precision, safety, and excellence in every operation.

At Urban Crane Hire, we are steadfast in our mission to 'Lift The Standards' by prioritising safety, efficiency, and customer satisfaction in all aspects of our work.

OUR SERVICES

Urban Crane Hire proudly offers a modern fleet specifically designed to excel in tight access lifting, catering to a wide range of projects across various industries.

Our contemporary equipment is meticulously maintained to ensure superior performance, reliability, and precision in every application.

Complementing our advanced machinery, we provide a team of highly skilled labour hire professionals who bring extensive expertise and dedication to every project.

Equipped with the latest tools and a commitment to excellence, our team ensures seamless project execution, prioritising efficiency, safety, and client satisfaction.

At Urban Crane Hire, we deliver innovative lifting solutions backed by professional support to meet the unique demands of each project.

OUR SERVICES INCLUDE:

- Glass Installation
- Steel Erection
- Labour Hire
- General Crane Hire
- Machinery Relocation

CRANE HIRE

At Urban Crane Hire, we provide comprehensive solutions for all your lifting requirements.

Our services encompass every aspect of the process, including site inspections, lift planning, customised Safe Work Method Statements (SWMS) and methodologies, as well as the coordination of plant, personnel, and equipment—culminating in the safe and efficient execution of lifts.

We offer our modern fleet and specialised equipment for both wet and dry hire, ensuring quality through rigorous pre- and post-inspections to deliver fault-free cranes and equipment.

Additionally, our services include training to further support your operational needs.

LABOUR HIRE

Urban Crane Hire is more than just a provider of crane hire services; we are a trusted partner offering a comprehensive suite of skilled labour solutions tailored to meet the unique demands of your projects.

Our team is comprised of highly experienced professionals, including crane hire riggers, steel erection riggers, and general labour personnel, all carefully selected for their expertise and dedication to excellence.

Equipped with their own advanced tools and dependable transportation, our workforce ensures efficient, streamlined operations that deliver exceptional outcomes every time.

At Urban Crane Hire, we pride ourselves on being the reliable choice for seamless project support, prioritising professionalism, precision, and client satisfaction in every task we undertake.

OUR FLEET

We operate a state-of-the-art fleet featuring city slew cranes, mini crawler cranes, and knuckle boom mini crawler cranes, each selected for their precision, reliability, and performance in confined or complex environments.

If a specialised crane is required, we can source it to meet your project's specific needs.

OUR CITY CRANES

Compact and highly manoeuvrable, city cranes are ideal for urban and space-restricted sites due to their extended boom and small footprint.

Tadano GR130-EX	13t lifting capacity
Tadano GR200-EX	20t lifting capacity
Liebherr LTM1060 3.1	60t lifting capacity

OUR MINI CRAWLER / SPIDER CRANES

These versatile machines excel in tight or difficult-to-reach spaces. Perfect for construction, maintenance, and industrial sites, they deliver power and accuracy where larger cranes can't operate.

Maeda MC405C-3	4t lifting capacity
Unic URW295	2.9t lifting capacity
Unic URW547	4t lifting capacity

OUR KNUCKLE BOOM MINI CRAWLER / SPIDER CRANES

Combining compact design with articulated reach, these cranes offer unmatched flexibility for intricate lifting and positioning tasks.

Maeda MK1033W-1	1t lifting capacity
Effer 315/6S	10t lifting capacity

OUR FRANNA CRANES

Our Lift and Carry Cranes are ideal for fast paced projects where loads need to be picked up, transported, and precisely positioned without re rigging.

TEREX MAC 25-4 (SL)	25t lifting capacity
---------------------	----------------------

OUR TRUCKS

Heavy duty, designed for reliable transport. Ideal for moving cranes, access equipment, vehicles, containers, and plant machinery.

ISUZU 6x4 TT9200	9.2m tilt slide tray, 9t winch, 16t capacity
------------------	--

LIFTING EQUIPMENT

At Urban Crane Hire, we offer an extensive range of specialised lifting equipment, rigorously tested and tagged to ensure full compliance with Australian Standards.

Our fleet includes brand-new glass lifters with capacities ranging from 300kg to 600kg, personnel lifting man boxes, material lifting cages, and scissor lifts, all designed to meet the diverse needs of your projects.

For equipment not currently in our fleet, we have the capability to outsource reliable rigging solutions, guaranteeing that you receive the tools required for any task.

Whether you need equipment for wet or dry hire, our commitment to quality and safety ensures dependable performance tailored to your project's requirements.

HSEQ

SAFETY

At Urban Crane Hire, safety and quality are our top priorities. We adhere to strict safety protocols and continuously invest in training and certification programs for our staff.

Our quality management system ensures that every project meets the highest standards of excellence.

ENVIRONMENTAL

Our environmental policy reflects our dedication to supporting the wider community and emphasises the critical importance of environmental protection and sustainability.

We hold all our employees accountable for carrying out their responsibilities in a manner that safeguards the environment and ensures strict adherence to the Environmental Protection Act 1993.

QUALITY

We are unwavering in our commitment to achieving outstanding project results by consistently upholding the highest standards of professionalism, efficiency, and customer satisfaction.

By engaging with our clients and understanding their distinct needs, we ensure the delivery of superior products and services, in full compliance with ISO 9001:201 standards.

OUR ADVANTAGE

At Urban Crane Hire, we're not just a general crane hire company.

We've meticulously curated our fleet of cranes, equipment, and skilled personnel to uphold excellence in the industry.

With a focus on glass installation, steel erection, and labour hire, our carefully selected fleet, specialised lifting equipment, and personnel ensure that a tailored solution is provided for all your lifting needs.

CONTACT US

An aerial photograph of a construction site. A large white crane with a blue lattice boom is positioned on a paved area. A white truck is parked nearby. The site is surrounded by green plants and trees. The crane's boom is extended upwards, and a worker in a yellow safety vest is visible near the base of the crane.
